(3) All of the facts, establishing the delay in entering the U.S. National stage which caused abandonment was

Undersigned hereby declares that all statements made below as to the facts of the unavoidable abandonment of his own knowledge are true and that all statements made on information and belief are believed to be true; and that these statements more made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 USC 1001, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

A copy of the letter of October 19, 2001, showing our date stamp of January 4, 2002, is attached herewith.

The original of such paper is slightly yellowed as are all of the copies attached thereto, suggesting that such papers were subject to anthrax decontamination. In this regard, it is to be noted that the office of undersigned is in zip code 20001, which is a zip code within the jurisdiction of

the Brentwood postal facility which was closed due to anthrax contamination.

As the order letter and attachments to the enter the US national stage for the above-identified application were held up by the United States Postal Service, and applicants' U.S. attorneys did not receive the order letter and attachments until after the due date, these facts establish that the delay in entering the US national stage was unavoidable.

Accordingly, as all of the requirements of 37 CFR 1.137(a) have been met, revival of the above identified application for purposes of entry into the U.S. National stage is earnestly solicited.
